Dear Phil and Penny,

Just a note to say thank you for showing us your daylily garden and taking time to chat with us a bit. Our visit with you was one of the highlights of our weekend. After visiting with you we went to Arroyo Grande to check out the car show... The SeaVenture was very nice...

They have an excellent chef. Wonderful dinner and, thanks to you and the coupon you gave us...When we got home Bruce and I had a hard time deciding which plants we wanted, however, I think that is settled. He'll contact you soon Again, thank you.

Best regards, Margo Reid and Bruce too. Pasadena CA

Note: Each daylily cultivar is registered with the American Hemerocallis Society **AHS** (there are 50,000+ registered cultivars) with the information provided by the hybridizer from observations in his garden. Your garden is likely to have a different geographic location, soil type, micro-climate etc. The daylilies may appear slightly different in your garden. You can use these guidelines as a start.

AHS is American Hemerocallis Society
 AHS registers new cultivars and give annual awards.
 Hemerocallis means "beauty for a day" in Greek
